Collaborating Against Cancer Initiative

The Collaborating Against Cancer Initiative (CACI) allows IRs attending ECIO 2020 to bring a non-radiologists colleague to the meeting in order to increase awareness of the benefits of IO to referring physicians and other specialists, so register your colleague today!

CIRSE 2019 broke all records

The numbers are in and we are happy to announce that CIRSE 2019 surpassed all previous meetings, attracting more than 7,100 participants from 96 countries. In addition, 1,256 people followed this year's lectures via remote access. Watch all CIRSE 2019 sessions now via the CIRSE Library!

Submit your complications case

The International Conference on Complications in Interventional Radiology (ICCIR), which will take place in Pörtlach, Austria, June 4-6 2020 invites all authors who wish to present a case at the conference to submit their abstracts. Find out more!

International Day of Radiology

Today is the International Day of Radiology, commemorating the day Wilhelm Conrad Röntgen discovered x-rays in 1895. This year's IDoR will focus on sports imaging. Find out how you can be part of the celebration and spread awareness!

New topic package on stroke management

Check out the CIRSE Library's newly released topic package on stroke management, including lectures, an expert video and further reading on the topic! CIRSE Members can access all lectures free of charge.
