

THE ONLY TICKET YOU NEED FOR 2021!

- Gain access to
- three congresses
 - more than 50 webinars and online courses
 - over 10,000 online presentations
 - a worldwide network of your peers

SECURE THE ALL-ACCESS PASS FOR YOURSELF AND YOUR TEAM!

Gain access to all CIRSE congresses, webinars and online education tools in 2021 for one low fee with the new All-Access Pass! Staying up to date on everything IR has never been easier. Or cheaper!

The All-Access Pass can now also be purchased through group registration to enable your entire team to learn, share and connect with interventional specialists from around the world throughout the year!

Submit your abstract

Make sure to submit your abstract for CIRSE 2021 by March 15 to get maximum exposure for your work! Featuring two new abstract categories – FIRST@ CIRSE clinical trials and Trial design and methodology –the annual meeting is more than ever the ideal platform to share your findings with the world of IR.

Bring your colleague

Only five more weeks until the interventional oncology meeting of the year! Join us for more than 40 sessions on established and novel procedures as well as the field's hot topics! To enhance interdisciplinary teamwork, you can bring your tumour board colleagues free of charge!

Join us online from June 17-19

The interventional oncology meeting of the year is approaching quickly, so make sure to secure your spot at a strongly reduced rate by March 4! To browse the extensive programme, international faculty, and all satellite symposia, access the programme organiser which will also let you put together your personal itinerary.

IASIOS

CIRSE is currently conducting a survey on the effects of COVID 19 on IR service provision and staff. Sharing your experience and participating in the survey will greatly help your community in gaining an overview on how the pandemic has impacted our specialty. Make sure to participate, it only takes a few minutes!

Six newly accredited courses

Six updated and re-accredited courses are now available via the CIRSE Academy. Refresh your knowledge on fundamental IR topics and earn CME credits from the comfort of your own home!

Topic package: Robotics and AI in IR

Browse this CIRSE Library topic package for an overview on promising developments in artificial intelligence and robotics and how they can best be harnessed to further improve IR services.

CIRSE student membership

CIRSE's student membership grants interested medical students full access to CVIR, the CIRSE Library and the CIRSE Academy's numerous CME certified online courses. In addition, student members enjoy fast track registration for any CIRSE congress. Make sure to share these great news!

New podcast

In the latest episode of the CVIR Endovascular podcast, Prof. Jim Reekers talks to Prof. Mohamad Hamady and Prof. Mick Lee about the road to achieving recognition for IR as an independent medical specialty. Have a listen and subscribe for further podcasts!

IR vacancy of the month
 Only two more weeks to apply as an interventional radiologist at the Southmead Hospital in Birstol!
 To view this vacancy or add an open position from your institution, visit CIRSE's IR vacancy finder.

Literally speaking
 Get to really some of the funnier aspects of the many languages spoken by our members in our new segment, where we take a proverb from somewhere in the world and translate it word for word into English. Can you guess the language and what it means? Scroll to the end of this newsletter to find out!

"That's sausage to me."

Let us know what matters to you!
 If you would like to share interesting news about your institution, research project or interventional radiology in general, let us know at communications@cirse.org!

Was the content of this newsletter relevant to you?

<input type="checkbox"/> Absolutely!	<input type="checkbox"/> Meh.
<input type="checkbox"/> Some of it.	<input type="checkbox"/> Sorry, I had nodded off.

Literally speaking – Answer
"Es ist mir Wurst" is a good German way of saying you don't care about something.
